*The regular newsletter for the
West Hampshire Centre
of the Caravan and Motorhome Club*

RALLY OFFICER RECRUITMENT

West Hants probably have the best collection of Rally Officers of any centre.

They work tirelessly to organise and entertain us while we are on the rallies. With such an extensive rally book, we are always looking to recruit new Rally Officers.

Being a Rally Officer is not all about hard work and sacrifice; many of the rallies are very laid back affairs with little to do but mark out the field and socialise with people in. Obviously, if you decide to add more to a rally you are running, it is your choice and will no doubt be greatly appreciated by the ralliers, but it is by no means a requirement.

WEST HANTS AGM

Yes, the AGM is fast approaching. Please make sure you have indicated **West Hampshire Centre** on your Caravan Club renewal slip.

Unless you complete this slip indicating your wish to join the West Hampshire Centre, you will not receive any circulated information, nor will you be able to speak or vote at the **Centre Annual General Meeting.**

RALLY ATTENDANCE LISTS - WHERE HAVE THEY GONE?

Due to the new Data Protection (GDPR) rules we can no longer distribute/publish the details to ralliers, so a single list will be available in the rally office, where it must stay.

These are not rules the committee have made up; they have been imposed on us by "those above."

- Sorry.

NEXT EDITION OF THE HORSES MOUTH END OF SEPTEMBER

If you have some interesting news, a rally report or something to celebrate, we'd love to hear from you. The closing date for articles for the next newsletter is the end of August 2018.

NEW RALLY OFFICERS

WE NEED YOU!

WELCOME FROM THE EDITOR!

Hello Ralliers!

Well it had to happen and I'm sorry to say it was only on my second issue. Yes, despite me asking for content from you wonderful

people, I failed, not once but twice, to include it.

No it's not just information it's WONDERFUL news, and a HUGE act of kindness.

So my **sincerest apologies** go out to **Tony and Pauline Cane** who sent me a stunning photo of the latest addition to their family and potential new rallier **Lennon Cane Matthews** AND Pauline also very kindly donated an amazing hand knitted clown to raise funds for the Youth Sections "4Louis" charity.

More of which will follow in this issue. But for now, Tony and Pauline, please accept my

sincere apologies for my faux-pas.

On another note, the rallying season is well underway and we have been having a whale of a time at the various rallies. We are truly fortunate to have the rally itinerary we have. Other, larger centres are struggling to provide half the rallies we do. This is down to the dedicated team of amazing Rally Officers, our tireless Rally Sec and the committee who are the backbone of our centre.

Hopefully, I'll see you on the Rally Field soon!

Danny

The amazing knitted clown donated by Pauline Cane

AGM NOMINATIONS & NOTICES OF MOTION

Nominations for Centre Officers and Committee must be received by the centre's **Honorary Secretary** by **1.30pm** (Adult Committee) and **12.30pm** (Youth Committee) on Sunday 23rd September 2018.

Notices of Motion must be received by the Centre Secretary by **2nd September 2018**.

CENTRE EQUIPMENT

Rally Officers are reminded that collection of equipment from the store is usually **Tuesday** evenings.

Arrangements must be first confirmed with our Equipment Officer **Brodie Hopkins**. Brodie's contact details are in the Rally Book.

The Horse's Mouth is the members' newsletter of the West Hampshire Centre of the Caravan and Motorhome Club. Articles contained within do not necessarily represent the views of the Committee or the Caravan and Motorhome Club. The Editor retains the right to edit or exclude any article.

JUST FOR FUN

Something to keep you amused while you are waiting for the next rally. There are 15 Rally Locations hidden in the letters below. See if you can find them all.

Last months answers

PAUL'S PITCH

Hi Everyone

Well time is flying by with some tough changes within the government's policy changes on protecting data- " GDPR".

Some of us don't like change, as I personally liked perusing a rally attendance list- but we have had to make such changes. We have been advised and led by The Caravan and Motorhome club guidance and training and we will comply to the letter with them.

We are already half way through the year and the rallying season. In general all seems to be going well with more rally officers reporting their rallies have more attendances and less cancellations which can only be a good thing.

I reflect, and consider that this time last year we were building our very successful 3500th Celebration rally and having no time whatsoever to ourselves. However it was a fabulous event and still I hear of people talking of their great

memories and fun they had.

I find myself, this year working away (for a living ha ha) and recalling the success was worth all the hard work and heart ache.

The centre is in a difficult position in that we find ourselves still after almost 2 months of appealing for 2 very important roles to be co-opted onto committee.

I am saddened that to date, no one has come forward to offer their support, which is placing us in danger of hibernation for our centre.

I believe we are the best centre with a great history, some of us have grown up with the centre. I for one wouldn't like anything to happen. I have some fantastic

memories and know you have too.

Wessex is just around the corner I know a lot of effort has been put in to this event - and promises to offer entertainment lots of fun and memories and enjoyment for all interests and

ages.

Hopefully I will see you on the rally field soon. Have a great time whatever you're up to. And please consider our

future, if your able to offer your time and passion to invest into the future of our committee as either Secretary or Treasurer, please speak to me, as I would be happy to hear from you.

Regards Paul Hopkins.

Easter in the 80's - Mary Hare School

I'd never been to the Mary Hare School before this rally so did not really know what to expect... except that we were going to be fed a hot meal on 3 of the nights!

It had been a very wet week prior, but we were assured the rally would still be on and sure enough, it was. I've never been on a rally where we are parked like a bunch of travellers invading a property... but that is very much how it was and it worked extremely well.

Everyone seemed to have hard standing and I'm sure we were sited closer to the hall than we would have been if we were in the field, which for me was a huge bonus! The weather was drizzling most of the time but, in typical West Hants style, we never let that put a dampener on our fun! Mary Hare comes with what can only be described as a

wonderful hall. It has underfloor heating that can rid the chill from even the frostiest of feet - taking your shoes off in the hall is a most satisfying sensation.

So, we have some superb facilities and with Stuart & Julie Huntley, Shaun & Emma Elsey and Gary & Helen Walton as rally officers there was no doubt this was going to be a spectacular, full-on long weekend.

The first night (**Thursday**) was a very gentle social of catching up with buddies we had not seen since the last rally. Nibbles and sweets were provided in an 80's style (the "bowl" was a VHS case!) and I must admit to polishing off probably more than my fair share - but they were so..... lovely! (Thank you Rally Officers :-D)

Friday morning started with Hot-X buns, tea and coffee. A Kids' Club was organised for

11:00, that I did not attend but understand it was great fun. Then in the evening was the first of the hot

The Rally Officers put everything into making the Rally amazing!

Our first nights food - Don't ever let it be said that I am a salad dodger!

meals - burger, chips and salad. As you can see it was awesome and for those who were very hungry, there were seconds too!!

After the meal there were various activities to entertain the troops that included races for eating strawberry laces, a Timmy Mallett quiz, coin toss to win a bottle of booze and the good ol' "higher or lower"

Easter in the 80's - Mary Hare School

game. Everyone got involved and had a wonderful time.

Saturday was a pub walk, the drizzle continued but the turnout was excellent. We walked to the first pub I've been to where your feet don't stick to the carpet! The Castle at Donington seemed very posh - I wanted to take my shoes off!

That evening was "80's Fancy Dress" and I'm pleased to say there was

The Choose Life team - Do you think they got dressed together?

very nearly a 100% fancy dress turnout - the effort everyone put in was superb! Another fine meal was served followed by Live Music from Laura King. She sang a plethora of songs from the 80s, as requested by our Rally Officers and the

dance floor was FULL from the very first bar. Everyone had a fantastic time....

... Until you noticed Stuart Huntley... He really should have come with a public health warning!

There are some things you just cannot "unsee" and seeing Stuart in his neon Lycra that left nothing to the imagination,

is one of those things. If I could scratch the image out of the backs of my eyes with a fork I would, but alas, I cannot, and counselling is

still making slow progress but at least the nightmares are becoming less frequent.

Easter Sunday had us back in the hall for a roll and hot drinks. This was followed by the most awesome Easter Egg Hunt I've been on. Truly superb. The youngsters had a go first, then the big kids had

a chance too: everyone was catered for - it was so well thought out. After this was an experimental game the "Egg Toss" where couples would throw hen eggs TO each other, each round getting further and further away, the winners being the ones furthest away with an intact egg. Interestingly, Seg and I won this which no doubt will open the flood gates on the appropriate jokes associated with the event...

That evening was flagpole, Easter Bonnet parade and even more silly games. The effort that was put into this rally was magnificent - thank you Rally Officers.

Easter Monday. More hot food, this time for breakfast, followed by a kids' club to give the parents a bit of a break.

This was one of the best rallies I've been on from an entertainment point of view. A huge "Thank you" just does not seem enough. 🚗

BACK CHAT FROM THE YOUTH

Hello ralliers! My name is Eleanor Roberts and I have been on the Youth Section for three years now. I've really enjoyed being on the Youth Committee because of all the fun we have. I have made some incredible friends and learnt some valuable life skills. The memories I have made on the Youth Section I will cherish forever.

To me the Youth Section is like a very strange family. We all look out for each other, help each other and always make each other laugh. I am lucky to be involved with such a lovely group of people that are all around my age. We always have fun playing and running games, running rallies and, of course, selling (and eating) tuck.

One of my favourite parts of being on the Youth Section is the partnership between the Youth Section and the adults. Everyone on the rally field is happy to help us and suggest ideas to improve our rallies. Also, we are very fortunate to have such an amazing Youth Liaison Officer,

Shaun Elsey. He is an extremely supportive and funny Liaison and we are grateful for all the assistance he's given us this year. So, thank you Shaun!

Raising money for charity is also a contributing factor to why I love being part of the Youth Section.

This year we have been raising money for a charity called 4Louis. This charity is a group of people who support people going through the trauma of having a stillborn child. Thanks to all of the people donating, we are doing really well so far, but have more to do!

Thank you to everyone who has already donated!

My favourite reason for being a Youth Section member is running rallies and games. This is because you are putting yourself forward to help people enjoy themselves and have a nice relaxing weekend. Being able to make other people smile, to me, is an art. We get an incredible opportunity to entertain people while having fun at the same time.

Lastly, thank you to everyone who supported us through these years and everyone who made it possible to have a Youth Section, and thank you for reading this article!

LITTLE METLANDS RALLY RUN BY THE YOUTH SECTION

Another HUGE success for the youngsters to chalk up! "Puzzle Fun" and that is certainly what they delivered.

a chalk hill.

As the first outfits arrived, so did the rain, and within less than a dozen arrivals the Rally Office approach was quagmire and closed. Instead Ralliers were

Runner mode" gracefully breaking through the winning line "stop here" tape as any winner would. A few of the motorhomes had difficulties but were promptly assisted by Dan Carter (thanks Dan) and myself, resulting in everyone being pitched without too much fuss.

Even the big kids had a go!

The next day was considerably drier and excellent conditions for the crafty activity. This activity was a closely guarded secret held by just a few of the Youth Section. It was a huge 8 foot x 4 foot wooden jigsaw puzzle, made and drawn by the Youth Section, of a typical rally scene.

Funnily enough, even before the paint was dry, the parents were trying to piece it together!

After the painting, the Youth section whisked the tiddly winks off into the field for some fun and games, that eventually morphed into a superb game of rounders - the youth vs. the parents. I don't recall who actually won as I'm sure the youngsters made some counting mistakes.....

It was a very wet week prior to the rally and there was some concern that this one could end up as another cancelled rally due to bad weather. However a the landowner was confident the field would be able to survive being on

stopped on the hard standing at then entrance to the field and direct to their pitch from there, reducing the damage to the field. This appeared to work really well until Emma Firmager arrived and seemed to be in "Marathon

LITTLE METLANDS RALLY RUN BY THE YOUTH SECTION

The evening entertainment was a cosy affair with all the pods full to over flowing. We were very fortunate so many members were kind enough to loan the Youth Section their event shelters. There was a myriad of activities to make fools of the grown-ups, sorry, for everyone to play. Including twerking your behind to shake various items out of a tissue box strapped to your ... rear, a HUGE game of Frustration painted on the rally field inside an O2, and a terribly noisy game where teams had to rattle marbles from one fizzy drinks bottle to another in a relay. It was very entertaining watching and

there was no shortage of both children and parents wanting to take part. For those not wanting to take part in the activities, the normal socialising with friends was the order of the evening - the perfect balance for a damp rally.

Our amazing Youth Section

generation of ralliers with the reconstruction of the picture.

Frustration for the parents..

Still dry, the next morning was the big assembly of the now-dry jigsaw pieces. Despite the parents wanting to get involved the Youth Section very carefully assisted our younger

Everyone loved the final result, as can be seen below. All participants were invited to take their piece of puzzle home with them as a reminder of what they achieved as team.

It was a truly inspirational rally run by the next generation of Rally Officers.

They all made me really proud.

WINCHESTER CARAVANS

Winchester Caravans is a leading supplier of the latest Bailey and Lunar caravans, as well as stocking an extensive selection of pre-owned models, all appraised to the highest standard that we ourselves would expect when purchasing a caravan. In addition, our large awning and outdoor accessory shop is stocked with all the essentials from security locks to electrical parts, toiletries to furniture, to ensure you have whatever you need to make your next trip as enjoyable as possible.

Now that the season has been under way for a few months, we have accumulated an impressive number of pre-owned awnings that have been taken in part-exchange as the latest air porches continue to win customers over time and time again. It's no surprise, given the convenience of not having to assemble any poles (the cause of many divorces,

I'm sure) or worry about the weight that these poles take from the overall payload of a caravan. As a result, we currently have a huge variety of full awnings and porches suited to most budgets, both air and poled, which could be perfect for anyone looking to save money whilst retaining the quality you expect from our showroom. All pre-owned awnings are subject to an appraisal and only those that have been looked after make it onto our shop floor. With awning experts always on hand to provide assistance, we are always confident that we can find the right awning for you.

Earlier this year we were delighted to hear that we had achieved a 'Gold Award' in the 'Pre-owned Caravans Supplying Dealer' category and a 'Silver Award' in the 'New Caravans Supplying Dealer' category at the 2018 Practical Caravan Awards in Manchester. What made these awards particularly special was that they are voted for by customers and are attributed based on levels of customer satisfaction. With a score of 99%, we were also given the 'Dealer of the Year' award in the pre-owned

category. It was an incredible honour and, once again, our sincere gratitude goes out to everyone who voted for us.

If our ethos is something you would like to become involved with or you would just simply like to get in contact, please give us a call or send an email using the information below. We will be also be attending the following shows later this year:

South Coast Caravan and Motorhome Show, Broadlands Estate Romsey, 14-16th September

Motorhome and Caravan Show, NEC Birmingham, 16-21st October

We hope to see you soon.

Your Journey Starts Here.

SOMETHING FISHY AT FORDINGBRIDGE

A wonderful weekend rally with the very best of British weather!

Yes, this was the weekend of the Royal Wedding and to say the weather was perfect would be an understatement. It was my first time at Hill Farm and I must admit that on arrival I had a really good feeling about it. I can't put my finger on it: it was just a tranquil place where I felt I would get some well deserved R&R.

Our Rally Officers for the weekend were Lee, Jo and Jermain Baker and Shaun, Emma and Poppy Eley. There was a relaxed itinerary for our stay - an American Supper at 18:30 on the Saturday, Flagpole at 11:00 Sunday and legs up and away by 15:00. Just what the doctor ordered!

There was an "unofficial" get together in the pods on Friday evening where catching up with old friends was the order of the day, lubricated with a few beverages and then the shots came out...

The Rally Officers had also brought along with them some fishing gear and casually organised a short trip to the ponds where it turned out to be a marathon fish unhooking session for the adults as the children were pulling Roach (or Rudd) out as quick as they could drop their floats into the water.

Young David Hurcomb got off to a slow start but by the end of the session had landed 11, and Izzy Tarrant was close behind with a very respectable 7. The looks on their faces (and cheers) as they reeled in their first successes will be with me forever, as I'm sure the memories will be with the children.

Sadly, the adults on the whole did not seem to do quite so well with Shaun Eley maintaining his amazing and unbroken record of blanking EVERY time he gets his

fishing rods out. (On a plus note, no fishing rods were broken this time!)

The American Supper was a huge success, I think everyone attended, making a delightful table of goodies to tuck into. Following the supper were some

party games and what now seems to be Shaun's wonderful "trademark" - the music quiz - that was enjoyed by everyone.

A huge "Thank You" to the Rally Officers who have proven that sometimes a quiet and relaxed rally is all that is needed.

NOTICEBOARD

In November 2017, The West Hampshire Centre Committee introduced the following ruling:

Pets – Dogs, Cats etc., must be on a secured lead and under control at all times. The length of the lead should not exceed 10 feet from any point on the Caravan. All pets must be exercised off the rally site. NOT around the site perimeter. Under no circumstances should they be allowed to foul the ground. Any dog mess on the rally field, particularly in the vicinity of the vans must be removed as soon as possible. Pets will NOT be permitted at any social event or kitchen facilities. This is to protect animals, occupants and equipment and we trust you will respect this decision

This clarification notice has been produced to explain the Committee's reasoning behind the ruling and to add further clarity for the benefit of the membership. This ruling applies to all Members, Visitors and Guests attending all West Hampshire Centre's Rallies or events.

The Ruling has been made by the Committee after due consideration and debate was given to several recent incidents that have occurred on site and the Committee decided that this ruling was the best way to manage the situation: The following incidents have occurred in the last 12 months (where applicable, the relevant wording from the CAMC guidance has been given):

Pet management within limited spaces:

Example there was the potential to have twenty-eight dogs attend a social event on a rally with their owners if the Pet Policy wasn't in place!

Health & Safety:

It has been noted that dogs have urinated within "Pods" and young children - un-be-known to them - have subsequently been seen playing in the same area! (CAMC state: Please don't let your dog urinate or make a mess anywhere on site, unless in designated areas).

3rd Party issues:

There have been occasions where Dog on Dog attacks has occurred including a 3rd party liability claim made. (CAMC state: You are responsible for your pets behaviour. You must make sure your pet is under control at all times; dogs must be kept on a secure lead no more than 3 metres long))

Well-being of ALL Ralliers:

Not every Rallier is a pet lover! Some may even be very wary and some children afraid e.g. There was an occasion whereby a large Alsatian was positioned with its owner beside the entrance to a pod. (CAMC state: Not everyone is as fond of dogs as you are, try not to let your dog annoy others by barking or jumping up at people).

Equipment:

This Pet Policy is designed to help Members who supply their OWN "Pods" for holding of social events and to protect that/their equipment thereby trying to ensure the continuing goodwill of members in providing them. A reminder that as such, Members "Pods" used on our Rally Fields are NOT deemed Centre Equipment.

Food areas:

It has been noted that dogs have been allowed into halls/pods/kitchens where food preparation, cooking & serving occur together with provision of Urns and power supply/leads. Food Hygiene and Health & Safety Regulations must apply at all times.

Within the General Letters to Centres, it states:

The Health & Safety at Work Act does not apply to rallies, but Centres have a civil duty of care under the Occupiers' Liability Act to take reasonable protective steps for all members attending a CAMC rally.

It should be noted that the CAMC do not allow dogs in any of their facilities apart from assistance (guide or hearing) dogs..

The Exception:

To enable Rally Officers to carry out their admin/RO duties without the need to leave their pets in their caravans, Rally Officers are permitted to have their pets within a designated Rally Office area as long as the pets under appropriate control (e.g. dogs on lead) at all times and in no circumstances be allowed to foul the ground. The rally office area shall be separate from the social area.

In Summary:

The main reason for this ruling is to protect animals, occupants and equipment and the Committee wish it to be applied in a fair, consistent and open manner. Whilst some members/ralliers may feel certain aspects of this Policy may restrict their enjoyment of Rallies, we trust they will respect the founding principles of it and abide by the Committee's decision.
